ARM COIN DROPPER – 2 EURO (1 x 7 + 6 x 1 coins)

Eur 50,00

This coin dropper can be fitted to your arm, left or right. It allows you to drop seven 2-Euro coins at once, followed by six times one 2-Euro coin at a time.

The very thorough design allows dancing, jumping around, even standing upside down without losing any of the coins. The coins only drop if you want them to, whatever you do!

ARM BIG COIN DROPPER – 2 EURO (3 x 1 coin – Ø 70 mm)

t.b.a.

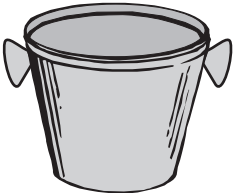

This coin dropper can be fitted to your arm, left or right. It allows you to drop three times one big 2-Euro coin at a time, with a diameter of 70 mm.

The very thorough design allows dancing, jumping around, even standing upside down without losing the coin. The coin only drops if you want it to, whatever you do!

CHAMPAGNE COOLER

Eur 26,00

Great looking small champagne cooler, to be used for catching coins. This unique design has no hidden compartments and is very easy to use. It produces a fantastic sound when the coins are dropped in it. And with a special routine, coins dropped into the cooler will vanish!

Suitable for two regular 2-Euro coins, or with a special preparation up to 14 2-Euro coins. Professional build quality. No preparation required.

SOCK PUPPET WITH SMOKE GIMMICK

Eur 16,00

With this gimmick a sock puppet can smoke a cigarette. You just need a cigarette and this small, easy-to-use device. No tubes, no pumps, no electric parts, no complicated and fault-sensitive devices. Just put the cigarette in the puppet's mouth and it will smoke!

Sock puppet included, available in five different versions. Can be used over and over again.

ARM DICE DROPPER

t.b.a.

This dice dropper can be fitted to your arm (left or right). It allows you to drop several dice, two at a time, with a maximum of three times.

The very thorough design allows dancing, jumping around, even standing upside down without losing any of the dice. The dice only drop if you want them to, whatever you do!
